SAMPLE AWARDS SUMMARY DOCUMENT

Please review a completed “sample” Awards Application on the following pages. Notice the landscape designs and photographs which help complete the three pages. The Award Application Coversheet does not count as one of the three pages. This format matches NGC’s submission, which makes it easier for GCI awards to be forwarded. **ONLY GCI Awards Chairman** is to send state winners to NGC.

THE 2024 GCI AWARDS COVERSHEET MUST ACCOMPANY ALL SUBMISSIONS

The coversheet form is in the Awards section of the GCI website.

Club Submitted by:

Number of members in club:

Date:

Please complete each topic, if applicable. Use section numbering as listed below.

1. New project: Yes _____ No _____ **Beginning date:** _____ **Completion date:** _____

2. Brief summary and objectives of project:

A Healing Garden was designed and planted in the local park. This project was Phase 3 of an on-going project. Objectives included using plants traditionally used for medicine and healing in a pleasing formal arrangement and to create a place for spiritual healing through contemplation, meditation, and reflection. By locating the garden in a local park with appropriate signage, this project also brings visibility to community projects done by garden clubs working with youth.

3. Involvement of club members, other organizations, etc.:

This project was planned by a committee of 4 garden club members, one city planning official, a local landscaper, and a nursery owner. The site preparation was done by the county with help from a local boy scout troop. Planting was done by our garden club as well as two local girl scout troops. A total of 37 garden club members and 23 youth were involved in the project. Add % of club members who participated.

4. Project expenses and means of funding:

We received one NGC youth projects grant of \$1000. Donations from club and community members resulted in an additional \$5,000. We also held a fund-raising design luncheon which raised an additional \$2,500 for a total of \$8,500. Club members donated 120 hours of time. The county donated use of heavy-duty equipment including a Bobcat and the laborers.

Expenses totaling \$8500 were as follows:

- \$1800 Soil Amendments (compost, peat moss, etc.)
- \$1000 Mulch
- \$1500 Pavers

- \$ 850 Bench
- \$1000 Shrubs - Yew (*Taxus baccata*) - 10 @ \$100 each
- \$ 350 Shrubs – Butterfly bush (*Buddleia spp.*) - 10 @ \$35 each
- \$2000 Herbs (200 @ \$10 each) such as rosemary (*Salvia rosmarinus*), lavenders(*Lavendula spp.*) coneflowers (*Echinacea purpurea*), butterfly flower (*Aesclepias tuberosa*), salvias (*Salvia spp.*)

5. Continuing involvement, follow-up, maintenance:

The Happy Diggers Garden Club provides 3 volunteers each month to dead-head and weed. The county is responsible for watering and site maintenance such as leaf removal, raking, etc. This was the final phase of this project.

6. Attach or insert photos, digital photos, and/or landscape plan (does not need to be professionally drawn).

Landscape plan showing the areas to be planted in medicinal herbs related to each system of the body

Landscape Plan for entire project. Phase 3 completed the yew hedge on the right side as well as 2 sections of the outer circle.

The garden at the start of Phase 3 of the project in March 2023. soil preparation completed, and herbs and shrubs planted.

In early summer 2023, the herbs are beginning to fill in around the bench. The pavers weave their way through the garden and signage is placed to identify the plants and their medicinal use.

Late summer 2023

The yew hedge separates the healing garden from the rest of the park. The lavender and purple coneflowers surrounding the bench create a tranquil and fragrant spot for park visitors to sit .

HOW DO YOU BEGIN?

Each club should have an Awards Chairman, someone who will study this Awards Guide and decide which awards fit into the club's program and projects. The Awards Chairman in turn, encourages club members and **specific chairmen** to cooperate in meeting the awards requirements. Frequently, the clubs that win the most awards are clubs **in which one individual is responsible for award applications as a method of achieving recognition for club activities. This person may be the President, the Awards Chairman, or an assigned Project Chairman.**

Activate the club's awards program in the following ways:

1. Study the on-going and new activities of the club.
2. Early in the year, consider which awards coincide with your club's programs. Review the GCI Awards Guide to ensure your project meets the intent of the award.
3. **Plan ahead:** Begin immediately once a project is decided upon by collecting information and photos of: Goals of the project, budget, communication, publicity, photos, community, and club members participating, etc. Collecting this info along the way makes it easier to submit the award. When your project is close to completing, review your data to see if it is in accordance with the specific award. Carefully study award requirements in this Award Guide. It is advised not to wait until the last minute.
4. Many GCI (state) awards are eligible to be sent on to NGC by the GCI Awards Chairman. The GCI Awards Chairman is the **ONLY** representative to send awards on to NGC. Consider the descriptions as found in *The National Gardener*, Sept/Oct., Fall issue or issues of subsequent odd number years, or the National Garden Club website [NGC Awards](#) when compiling your 3-page GCI Award Application or Book of Evidence required in Flower Show Awards.
5. Carefully read *GardenGlories* taking note of state award additions and corrections. The State Awards Guide is published on the GCI Website under Club Information, then select Awards. <https://www.gardenclubsofillinois.org/awards>
6. Updated information is often included in the State President's mailings, *GardenGlories*, and in the Members e-mail Bulletin. **Club Presidents are also encouraged to alert their Award Chairmen of any new information.**
7. **Please note the deadline dates!** Clubs will fail to win an award because the deadline is missed and required materials are **not submitted by the appropriate date.**
8. An NGC cross reference is added to applicable awards. Example: **NGC EC-5**. This cross reference is the NGC award which your award might be eligible. Referring to and following the NGC criteria will give you a better chance of being eligible for NGC awards.

STATE AWARD RULES

1. The state award year is from January 1 through December 31. For awards which include activities continuing after the stated deadline, the application should include the schedule of activities for the complete year. **Awards requiring 3-page applications should also cover the complete year. Award packages must be rewritten each year instead of changing the dates and resubmitting the same package. Do not submit an exact duplicate application for more than one award.**
2. Questions regarding any award should be directed to the GCI Award Chairman or special chairman identified for a specific award.
3. Follow the rules regarding Flower Show Book of Evidence **(if required)** as outlined on page 12.
4. Only individuals, garden clubs, etc. that are members in good standing of The Garden Clubs of Illinois, Inc. are eligible for awards.
5. Non-members are eligible for awards or certificates when specified as eligible for a particular award.
6. Affiliates with paid memberships are eligible for Special Achievement Awards as determined by the GCI board and GCI Award Chairman.
7. Eligible applicants (club, district, councils, and individuals) may submit more than one application for an award if all qualifications are met.
8. For a continuing project, the Award Application must be based on work accomplished during the current award year.
9. In the event a project may be eligible for several awards, the GCI Award Application form and application submitted to support the data for each award being applied for must focus on that award. Each application summary must be different.
10. An individual, club, district, or council that wins a top award in any category may compete for the same award the following year, unless otherwise specified. The award summary must be rewritten.
11. Youth Garden Clubs must be sponsored by an adult club to be eligible for awards.
12. A GCI Award Coversheet must be included with each award application except #62, #63 and #70. The .pdf form must be used and is available on the GCI website.
13. The GCI Awards Chairman has the Flower Show Evaluation Forms for flower show judges. Three separate signed evaluation forms are necessary and are obtained at least 60 days before the show. Contact the GCI Awards Chairman in advance so the chairman can determine who will serve as a member of the **Evaluation Judges. Completed Judges Evaluation forms are emailed by Judges directly to the GCI Awards Chairman.** The GCI Award Chairman includes these forms in the Flower Show Book of Evidence.

Forms for Award #10 (Educational Exhibit), #12 (Design/Table Design) and Award #13 (Staging). are available on the GCI website in the awards section.
